

Fast for justice...

Fast for fair food now!

On **February 24th**, farmworkers from Immokalee, FL, and their allies will begin a fast outside Taco Bell corporate headquarters in Irvine, CA, calling on the fast-food giant to take responsibility for the sweatshop conditions in the fields where its tomatoes are picked.

On **February 28th**, you can join the hunger strikers at a massive rally to support the call to:

"End Sweatshops in the Fields!"

Check out the **Coalition of Immokalee Workers** website at **www.ciw-online.org** for more details.
